REGULAR COUNCIL MEETING.

The new city council met for the first time in regular session Monday evening and transacted a considerable amount of business which came up before the meeting.

A petition was received from M. C. Poyntz for permission to erect a one story cottage on Holmes street to cost \$400. Referred.

Col. Noel Gaines petitioned the council to correct his city assessment which included \$600, and stated that he had no such amount of money.

Permission was given Franklin Morris to build a frame house on Main street.

The building committee of the council will pass later on the question of permitting B. T. Gudgell to erect a store room on Conway, between Third and Fourth streets.

City Clerk Polsgrove's monthly report, which was read, showed that there was a cash balance in the treasury of \$7,541.31.

The report of the city court which was also read, disclosed the fact that the receipts for that department during the month of November were \$397.90.

The following committee appointments for the new board were then announced by Mayor Hume:

Bridge—Newman, Rossen and Weltzel.

Building—Kenney, Weltzel and Newman.

Charity—Hardie, Simpson and Congleton.

Fire—Rossen, Bridgeford and Triplett.

Gas and Electric Light—Weltzel, Bridgeford and Collins.

Hall—Collins, Montgomery and Triplett.

Health—Demaree, Weltzel and Triplett.

License—Simpson, Bridgeford and Rossen.

Ordinances—Congleton, Demaree and Hardie.

Police—Kenney, Hardie and Montgomery.

Printing—Simpson, Hardie and Newman.

Schools—Montgomery, Kenney and Simpson.

Streets—Congleton, Demaree and Collins.

Water—Bridgeford, Demaree and Hardie.

Work House—Triplett, Congleton and Collins.

Grievance—Weltzel, Simpson, Newman and Demaree.

The police force, as at present composed, together with the present chief, were then elected for the ensuing two years. There had been rumors of a change on the police force for several months past, but the action of the Mayor and council proved it groundless.

The special board of supervisors, appointed by the council some time since to revise the delinquent tax list, tendered their report, in which it was held that the Mason-Boord Company owed the city a considerable sum in the way of taxes, as did also the Illinois Insurance Co. It was ordered that the corporations alluded to be required to pay the sums due to Tax Collector Dudley Richardson.

Mr. I. T. West appeared and made a strong plea for the abolition of stock sales on the corner of Main and St. Clear streets on county court day, and the matter was taken under advisement for action at a later date.

City Engineer Robert Frazier submitted that the level of the pavement on Broadway, from Ann to High, should be raised on account of the improvements recently made by the L. & N. at that point. Referred.

A member of the council suggested that it would be a good idea to have some of the trees and many dead branches removed from the North side of Broadway from Ann to High, and the proposed improvement will be brought up later.

Mayor Hume submitted a contract with Scott & Goins, the well known contractors, to make certain improvements to the interior of the Capitol Theatre, the remuneration for

such being placed at \$1,000. The council refused to confirm this contract, and the matter was placed in the hands of the hall committee with power to act.

Mrs. Eva Lutkemeler was granted permission to erect a cottage on Holmes street, after which the adjournment was had until the next regular meeting night.

Whenever you feel that your stomach has gone a little wrong, or when you feel that it is not in good order as is evidenced by mean headaches, nervousness, bad breath, and belching, take something at times, and especially after your meals until relief is afforded. There is nothing better offered the public to-day for stomach troubles, dyspepsia, indigestion, etc., than Kodol. This is a scientific preparation of natural digestants combined with vegetable acids and it contains the same juices found in every healthy stomach. Kodol is guaranteed to give relief. It is pleasant to take; it will make you feel fine by digesting what you eat. Sold by South & Co.

HENRY COUNTY FARMER MEETS SUDDEN DEATH.

John Chisholm, a tenant farmer, who resided near New Castle, in Henry county, was found with his neck broken and life almost gone early Christmas morning beneath a county bridge on the New Castle and Drennon turnpike. He died shortly after being discovered without regaining consciousness. Chisholm spent Christmas Eve in Frankfort, and, it is said, drank too much before he departed from the Capitol for his Henry county home. Evidently he fell from the bridge while in a state of intoxication, a state of affairs that was doubtless responsible for his broken neck and subsequent death.

GOOD TIDE IN THE KENTUCKY.

As if in answer to the wishes of the mill men of Frankfort and vicinity, who were running low on timber, the rains of Sunday and Monday, which appear to have been general in character, caused a considerable swell in the Kentucky river, and the indications now are that a log tide is prevailing in the timbered sections of the mountain country. It is understood that there is an abundance of timber all ready to be floated out when the necessary water is available and that there will be no dearth of supplies for the lumber manufactures of this city when the logs are set in motion and rendezvoused at Irvine, the present head of navigation on the Kentucky.

FINE STRINGS OF FISH CAUGHT.

The heavy rains of Sunday night and Monday morning caused Benson creek to "run out" early Monday, and several parties who reside in the West End took advantage of the condition of the river and the creek, and providing themselves with dip-nets succeeded in capturing some fine bass, newites, sun fish and mongrels. While the fish were not of a large size, they were yet of sufficient weight to render them just right for the table.

PYTHIAN BANQUET.

Dexter Lodge, Knights of Pythias, of this city are preparing for a big time on the evening of the second Friday of January. A banquet will be given at the Castle Hall, in Odd Fellows Temple, and many visiting Knights from neighboring cities will be in attendance for an occasion that promises to prove a most enjoyable one for all those concerned.

NINETY DAYS FOR THEFT.

John Richardson, colored, was tried before County Judge Polsgrove Saturday last, on the charge of stealing clothing from a room mate, found guilty and sentenced to three months at hard work on the county roads.

THE HONEST FARMER.

By HOWARD H. FARMER.

Who is it chews the rag and beefs
About the "Corporation thieves,"
And ways and deeds impure;
About the shabby, measly tricks
That men do do to get more nicks?
Who says the sea and hell betwix'
Is just about his sort o' fix?
The honest farmer? Sure.

Who is it calls himself a sheep
Amongst the wolves that prowl and leap
In predatory glee;
A lamb before the shearers, dumb,
Unable to lift toe or thumb;
A dog that begs the fallen crumb
Who it is claims all this, begum?
The honest farmer? He.

Yet who is it gets up 'fore day,
To stuff a steer with corn and hay,
Before the weighers come?
Or sells you dew, so much per ton,
On oats and hay, and calls you "one,"
To even question what he done—
I say who is the wicked son?
The honest far— Sh—mum.

Who it is makes the railroad pay
Three hundred for a horse, which—
say!
Go get the tax books, quick,
He's down at fifty dollars set,
and "Pet!"
Four horses at two hundred, yet—
Who is it now begins to sweat?
The honest farmer? Wow!

SENATOR BLACKBURN TO VISIT FRANKFORT.

Ex-Senator Joe Blackburn announces that he will arrive in Kentucky about January 1, and will be the guest of the Louisville Commercial Club on that date. It is understood that on his way to his old home at Versailles he will stop over in Frankfort to greet many warm friends, who are among the citizens of the Capital. Senator Blackburn was always a great favorite in the Capital City and the announcement of his proposed sojourn here will be received with much pleasure.

EMPLOYERS OF LABOR GENEROUS.

On Christmas Eve each of the employees at Congleton Bros.' Saw Mill and the Capital Gas and Electric Light Company were presented with a large, fat turkey. These two firms make it a point each year when the Christmas holiday arrives, to treat their employees thus, and their action in this regard is always highly appreciated by the men.

NEW COAL MINES TO BE OPENED UP.

Covington capitalists, who have leased extensive tracts of coal land in Bell county, will immediately proceed to develop them and begin the mining of coal, which, it is said, abounds there in large quantities and is of a first rate quality. Kentucky is fast forging ahead as a coal producing State and will soon be abreast of the best of them.

BANKRUPTCY PETITION FILED.

Gus Frey, a Lexington merchant, filed a petition in bankruptcy in the Federal Court in this city, Saturday, through Attorney Crawford. The outstanding liabilities of the petitioner were placed at the sum of \$949.03, while the available assets were given as amounting to \$498.50.

MISS NOURSE'S GERMAN.

Miss Nourse entertained with a german at the Coliseum Friday in honor of Miss Page. The affair was largely attended and was one of the most successful held during the season.

A tickling cough, from any cause, is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe, that Dr. Shoop tells mothers everywhere to give it without hesitation, even to very young babies. The wholesome green leaves and tender stems of a lung-healing mountainous shrub, furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sore and sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Simply a resinous plant extract, that helps to heal aching lungs. The Spaniards call this shrub which the Doctor uses, "The Sacred Herb." Always demand Dr. Shoop's Cough Cure. Sold by Capitol Pharmacy.

Mr. James Pearce is very ill at his home near Peaks Mill. Mr. Pearce is the father of Officer Ed Pearce, of the police force.

Mrs. S. M. Johnson has filed a suit in the circuit court for a divorce from her husband, Mr. J. R. Johnson, whom she accuses of cruel and inhuman treatment.

Annie Denny, aged two years, through her next best friend, Mrs. Lucy Warford, has entered suit in the circuit court against Charles Whitehead, the plumber, for \$1,000 damages. It is alleged that Mr. Whitehead excavated a ditch, which was left uncovered, and that the little girl fell into the hole and sustained serious injuries.

John Rosby, one of the best known colored men in the city, and for years a valued employe of the Capitol Hotel, died of dropsy Thursday.

In other times and days it was the usual order of things, when a set of candidates for public office were defeated, for them to take a trip up Salt river, and view the desolate landscape on either side of that sorrowful stream. But things have changed, and the candidates defeated in the recent landslide, will, it is understood, all leave for that latest star on the flag of Uncle Sam—Oklahoma—with in a few days. Whether such a combination of brains and brawn, when it descends on the new State next month, will overturn the established order of things, create a new regime or become swallowed up in the maelstrom of rushing events, is sure a puzzle which those left behind will find it difficult to solve to their entire satisfaction.

President James J. Hill, of the Great Northern Railroad, made a significant statement recently in an address delivered at Washington. At that time he declared that the rail-

road systems of the country were unable to handle its traffic, and that the improvement of the waterways of the United States had become an absolute necessity, if for no other purpose than the reason set forth. Some time, perhaps, the business men and people of Frankfort will come to the knowledge that the Kentucky river, which divides the city in two, is one of their most valuable assets, and should be given ten times the attention that has heretofore been its share.

Word comes from Washington that Senator Thos. H. Paynter and family are comfortably domiciled at one of the best hostleries at the National Capital, and that they are enjoying life there very much. Judge Paynter is quite a favorite in Kentucky's Capital, and her people are glad to know that he is pleased with his new surroundings.

Several Frankfort boys are on board the great fleet of American battleships, which should by this time be skirting the shores of South America, and like all boys who hail from the old town on the Kentucky, will give a good account of themselves on the long voyage which is to demonstrate to the world the efficiency of the American Navy and the brave and snappy sailors who serve beneath the stars and stripes.

It is to be presumed that when the moonshine stills were found in the shocks of corn stalks in Elliott county, last week, that all the corn in the rest of the State was 'shocked.'

Now that the holiday season is at an end, it is in order to get down to business again. Frankfort's enterprising citizens should not allow the city to take one step backward, but should bend every effort to bring about a "Bigger" Frankfort. Local merchants, who desire to increase their winter sales, should avail themselves of the opportunity offered by the columns of the Roundabout, the home paper of Frankfort and Franklin county, to reach the local buyers of all classes and conditions.

A good ground hog story was related by Gen. D. W. Lindsey, one day this week. Gen. Lindsey said that one 2d day of February, several years since, the weather was warm and sunshiny, and that he had raised the window of his law office, that faces St. Clair street, in order to permit the entrance of the balmy air without. Two men of the lower classes took up their position against the open window and began a conversation connected with the ground hog and the weather. Said one of

them: "This is fine weather for ground hog day, and if it stays this way until 12 o'clock, he will come out of his hole and see his shadow. Then we'll catch h—l, for he will return to his hole and we will have six more weeks of winter." "You don't believe in that kind of thing," said the other fellow, "do you?" "Course I do," replied the first speaker. At this juncture the Catholic bell rang out for the twelve o'clock angelus. The one who seemed to doubt somewhat the "hog" theory of the weather remarked to his companion: "Suppose there is something in this ground hog business, how does he know when its exactly twelve o'clock, and time to come out?" "Why you d—n fool you," replied the one who believed, "can't he hear the Catholic bell, too?"

OLD FRANKFORT PRINTER DEAD

News was received in this city, Tuesday, of the death of Mr. John Lillis, which occurred at the Printer's Home in Colorado Springs, Col. Mr. Lillis was over seventy years of age and was born and reared in Frankfort. He learned the art preservative at the old Yeoman Office when that establishment was located on Broadway and was well known and liked by all the older people of the Capitol City. He was a splendid mechanic, and had worked on the leading dailies of the country when the type setting was done by hand.

Mr. Lillis left Frankfort many years since, and pursued his trade until years ago, when he became an inmate of the Printer's Home, which is not a charitable institution by any means, but is kept up for the benefit of aged printers by the International Typographical Union. The deceased was a brother of Mr. Edward Lillis of this city, and of the late Patrick Lillis, a former well-known resident of Frankfort. He was also an uncle of Messrs. Patrick Lillis, City Marshal James Lillis, and Edward Lillis, Jr.

PROMINENT SCOTT COUNTY WOMAN DEAD.

Mrs. Rebecca Lucas, died at the home of her son-in-law, Dr. J. C. Thomason, in Georgetown, Tuesday morning. She was aged eighty-two and was the widow of the late Edward Lucas, who was at one time jailer of Scott county. A woman of many estimable qualities, she was greatly beloved in her home and adjoining counties, and was well known in Franklin, where she had numerous relatives and friends. She is survived by three children, Mrs. J. C. Thomason, and Messrs. Benjamin and Edward Lucas, all of Scott.

NOTABLE SOCIAL EVENT.

One of the most notable events of the season in a social way, was the German given by Mr. and Mrs. Geo. Franklin Berry for their niece, Miss Cornelia Gordon, who is home from school at Vassar, for the holidays, and their nephew, Mr. Sam Stone Bush, of Louisville. The entertainment was given at the Country Club, on Monday evening, and the club house was tastefully decorated for the occasion, a tinge of the holiday season being observable in the colors of the flowers and drapings. The affair was largely attended by the elite of the city and was pronounced on all sides one of the most gorgeous and successful even given in the Capital City.

FORMER FRANKFORT LADY ROBBED.

Mrs. F. B. Wentworth, the wife of the former assistant rector of the Ascension Church of this city, and well known to the people of Frankfort, was robbed of her purse, containing twelve or fifteen dollars while walking down Maple street, in Lexington, Christmas night. The thieves snatched her purse and ran, making good their escape in the darkness.

CUPID ON A RAMPAGE.

Tuesday was a red letter day, in the office of County Clerk Poley Smith, and that official and his deputy Mr. Linden Wallace, were kept pretty busy making out the documents which entitled those who had been transfixed with Cupid's darts to become man and wife in the eyes of the law. Following is a list of those who secured licenses and faced the joys and tribulations of married existence.

Messrs. Monroe and George Tucker, two well known twin brothers, were married to Misses Mattie and Warnie Dickie, in the order named. All four of the contracting parties reside in the Old Crow neighborhood, and are well known in the county.

Mr. Lewis B. and Miss Fanny Newton, a popular young couple of the latter neighborhood, also deserted the single state for that of wedded bliss.

Mr. James B. Newman and Miss Martha Jane Hunt, of the Woodlake neighborhood, secured a license and were married. Mr. Newman is the son of Mr. John Newman, the well known farmer, and is an exemplary young man, while his bride is an attractive and popular young woman, who has a large circle of friends to wish her joy and happiness.

Mr. James Watson and Miss Beulah Perry journeyed to the Capital City from Shelby county and were joined for life in the bonds of matrimony.

Mr. James T. Brewer and Miss Beale Ethington, of Versailles, came down on the Interurban from Versailles, and returned to the Capital of Woodford man and wife.

Mr. Collis T. Wright, of Illinois, and Miss Lillie Anderson, of the Bridgeport neighborhood, procured the necessary papers and were married at the home of the bride, on Christmas day. Mr. Wright is a former resident of this county, and in the long ago, before he went to Illinois, himself and bride had been youthful sweethearts. Of late the old love was renewed, and so they were married.

MANY TURKEYS SHIPPED FROM THE BLUE GRASS.

The business of turkey-raising is assuming formidable proportions in Kentucky, and more especially in this so of the Blue Grass section—garden spot of the world. The firm of C. S. Brent & Bro., of Paris, made their last shipment for the season on the Saturday preceding Christmas. This season 32,000 head of turkeys, as follows: 9,000 from Flemingsburg, 5,000 from Paris, 10,000 from Millersburg, and 8,000 from Carlisle. The birds averaged eleven pounds per head, and they combined placed in circulation in the territory in which they were purchased more than \$35,000 in cash. This should prove an object lesson to the farming element in Central Kentucky, as it goes to show that other things besides corn, wheat and tobacco can be profitably raised and handled in this favored section of the State.

DIED IN RUSSIA.

Mr. Kade Rosenstein, Jr., the retail and wholesale clothing merchant of this city, received a letter from his former home in Russia announcing the death of his father, which sad event occurred on December 15. Mr. Rosenstein, Sr., was 103 years of age at the time of his demise, and had enjoyed good health until within a few days of the final call.

STATE PURE FOOD REPORT.

Prof. M. H. Scovell, director of the Kentucky Experiment Station, made a report to Governor Willson Tuesday of the work accomplished during the past two years towards the enforcement of the Pure Food Law. Prof. Scovell favors an amendment to the law which will include within the scope of its workings the supervision of drugs, spirituous, vinous and malt liquors, now omitted, or that a separate statute be enacted to fit the case.

Prof. Scovell's report is a most interesting one, dealing as it does with the articles which are used as a diet day after day by the people of Kentucky. He condemns dairy cattle as unfit to produce a good article of milk, tells of the inferior ingredients used in the making of ice cream offered for sale, relates the mysteries of the manufacture of vinegars, warns the public against the dangers of drinking pop and other soft drinks, entering into an analysis of their composition, and lastly, takes occasion to state that the public bake shops are not what they should be in the matter of cleanliness.

Standards of purity are dwelt on at length, and other questions pertaining to the successful operation of the State Pure Food Law treated ably and exhaustively.

FINE YOUNG MAN TO BE MARRIED.

The many friends of Mr. Jno. B. Williams, of Denver, Col., are rejoicing at the news that he will shortly be married to a splendid young woman of that city. Of course, we would have preferred his taking a Kentucky bride, but as he has chosen otherwise, we wish him the best of everything. He is a son of Col. M. H. P. Williams, Sr., and has hosts of friends at his old home in this city.

The finest Coffee Substitute ever made, has recently been produced by Dr. Shoop, of Racine, Wis. You don't have to boil it twenty or thirty minutes. "Made in a minute," says the doctor. "Health Coffee" is really the closest Coffee imitation ever yet produced. Not a grain of real Coffee in it either. Health Coffee imitation is made from pure toasted cereals or grains, with malt, nuts, etc. Really it would fool an expert—were he to unknowingly drink it for Coffee. Sold by T. H. Brammell.

A REGULAR BEAUTY.

Mr. J. A. Williams, agent of the Metropolitan Life Insurance Co., has placed upon our desk one of the prettiest and most attractive calendars for 1908 which we have yet seen. By-the-way, this is one of the most solid and reliable insurance companies doing business. It has never had any scandals attached to its work, notwithstanding the strictest investigation.

This company has also issued a perpetual calendar which certainly takes the premium.

PROMINENT FARMER DEAD.

Mr. Thos. F. Baldwin, one of the best known and most prominent farmers of the Elmville neighborhood, died Sunday morning. Mr. Baldwin was fifty-eight years of age at the time of his death, which sad event was brought about from the effects of an apoplectic stroke. He was a sterling citizen and held the respect and esteem of the whole neighborhood in which he resided.

The dead man is survived by two children, Mr. Willis Baldwin and Mrs. Bud Hancock. The funeral occurred from the Cedar Grove Baptist Church, Monday afternoon, and the services over the remains, which were attended by a large number of sorrowing relatives and friends, were conducted by the Rev. G. W. Hill, of Stamping Ground. The interment was in the family lot at the Cedar Grove Church.

NO RACE SUICIDE HERE.

Mr. Nelson Mannion, whose death occurred at Georgetown a short while since, at the age of ninety-three, was survived by twenty grandchildren and thirty-seven great grandchildren. The funeral services were conducted by a grandson and six grandsons acted as pall bearers.

Sterling, at the home of the bride's parents on the evening of January 1, at six thirty o'clock. The bride is a pretty, attractive and cultured young lady, who has a host of warm friends, while the prospective groom is said to be a fine young man. He is at present employed as an express messenger on the C & O. road and has a run between Lexington and Louisville. The couple will reside in Lexington after marriage.

REMEMBERED AS USUAL.

I am again placed under obligations to the ladies and gentlemen composing the Roundabout force for a handsome present on Christmas day. This time it was a handsome silver mounted clothes brush, which we shall treasure as a memento of the kind friends who gave it and the very pleasant relations which have always existed between us.

Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold only—you should always heal, soothe, and ease the irritated bronchial tubes. Don't blindly suppress it with a stupifying poison. It's strange how some things finally come about. For twenty years Dr. Shoop has constantly warned people not to take cough mixtures or prescriptions containing Opium, Chloroform, or similar poisons. And now—a little late though—Congress says "Put it on the label, if poisons are in your Cough Mixture." Good! Very good! Hereafter for this very reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance then, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison marks there! You can always be on the safe side by demanding

STEPHENS—In this city on Tuesday evening, Mrs. Ann Elizabeth Stephens, widow of Mr. Edward Vaughn Stephens, aged 69 years, after a long and painful illness.

Mrs. Stephens was the eldest daughter of the late Gen. Wm. T. Gorham and wife, and was a woman of fine character, earnest, modest and true hearted. She was a devout member of the First Baptist Church, but had been kept from its services for many years by illness of her family or herself.

She leaves seven children (four sons Messrs. Adam K. Stephens, of Nyack, N. Y., Matthew and Walker of this city, and Robert G. Stephens, of Louisville; three daughters, Mrs. N. F. Richardson, Mrs. Ed. Gilpin, and Mrs. J. C. Brawner, all of this city and county, and a large circle of relatives and friends to mourn a good woman gone to rest.

The funeral services were conducted on yesterday by Rev. Dr. M. B. Adams, and the loved remains were laid to rest by the side of the husband of her youth. The services were largely attended by those who had known and loved her in life.

PRESENT STATUS OF THE TOBACCO WAR.

The conference between the growers, the president and executive committee of the Burley Tobacco Association, and various buyers, including representatives of the American Tobacco Company, held in this city Friday and Saturday last, has clarified the situation in the Burley belt to a considerable extent, and strong hopes are now entertained that the 1906 crop will shortly be disposed of at the price fixed by the executive committee.

Should this sale materialize it will place in circulation in the Blue Grass counties of the State a sum equal to about \$9,000,000, and would have a marked effect for the better on the financial situation in the section named.

A meeting has been arranged between the representatives of the American Tobacco Company and other buyers, and the executive committee of the Burley Association, to be held at Winchester, on January 2.

On this occasion the samples of the 1906 pooled crop will be examined by the buyers for the big tobacco con-

cern, and doubtless an understanding by the terms of which the 1906 crop will change hands, will be arrived at by both parties to the prospective trade.

The growers are elated over the brightening prospect and are more hopeful now than at any time since the fight began that they will shortly realize the price to which they think they are entitled for their product.

As an illustration, which tends to show that the American Tobacco Co. is running low on Burley stock, it is pointed out by one of the best informed growers in the Burley section that the trust is sending out to the retail and wholesale trade in this and other States, tobacco, which had just been manufactured, an act contrary to their usual custom, as they generally sell to the trade tobacco which has been manufactured for a year or more. Another good sign, he declared, was the noticeable fact that more and more alfalfa hay was entering into the composition of the manufactured goods now being sent out.

SALVATION ARMY DINNER A SUCCESS.

The free Christmas dinner, which the Salvation Army had been preparing for during the past two weeks or more, was a great success, and more than five hundred people were fed on substantial Christmas fare. A large number of the beneficiaries ate their dinner at the Clinton street hall, but hundreds of baskets were also sent out to the needy in all quarters of the city. It was a big undertaking, that was successfully carried out by the energetic work of Capt. Menzler and Lieut. Bailey, in charge of the local corps.

EQUALIZATION BOARD MEMBER APPOINTED.

Hon. John E. Garner, of Winchester, was on Monday appointed a member of the State Board of Equalization, and has announced his acceptance of the office. Mr. Garner, who is the ex-mayor of Winchester, and known as a clever and reliable gentleman, was not an applicant for the place, and his appointment, unsolicited, is quite a compliment to him.

CIRCUIT COURT SOON TO CON- VENE.

The January term of the Franklin Circuit Court will convene the first Monday in January, and a large docket, composed of criminal, civil and equity cases, is to be disposed of. It is quite certain that Judge Stout will not be able to wade through the long list of cases in the time allotted him in Franklin county, but he will make a big hole in the docket before the hour of adjournment.

The January term of the Kentucky Court of Appeals will convene on the second Monday, and the Legislature will convene on January 7. This should make things lively in the old town during the winter season.

THE LIVER QUARANTINE

Hurried eating has ruined many a man's stomach. The digestion-destroying process is gradual, often unnoticed at first. But it is only a short time until the liver balks, the digestive organs give way, and almost countless ills assail the man who endeavors to economize time at the expense of his health.

A torpid liver causes a quarantine of the entire system. It locks in the diseased germs and body poisons and affords them full play, inviting some serious illness.

In families where August Flower is used, a sluggish liver and constipation are unknown, so are all stomach ailments, as well as indigestion, dyspepsia, heartburn, headaches and kidney and bladder affections. No well-regulated family should be without this standard remedy.

CHRISTMAS FIGHTS IN THE WEST END.

Mero street, between Washington and Wilkinson, was the scene of some lively scimmages, Christmas Eve night and Christmas Day, and "Matilda" was very much in evidence, conveying the prisoners corralled by the police to the work house.

Charles Kelley, of North Wilkinson street, was struck in the head by a blunt weapon, Christmas day, and Lewis Arnold and Cornelius Clark, said to hail from Midway, were arrested for the offense. Kelley is confined to his bed in consequence of the injury he received, and is suffering considerably.

Eugene Stone, a bad negro, was arrested for having a gun and pistol and making threats against the officers. He was placed in the work house and fined in the city court Thursday. Charles Graham was arrested for the same offense and also fined.

Phil Goin, a white man, was stabbed with a knife, Christmas Eve night in the same neighborhood by another white man. Had the knife not glanced on a rib when it was plunged into Goin's body, it is said he would have been killed. As it was he got off with a slight injury.

Pat Simpson, the negro Democratic politician, who is known as a troublesome customer, got under the spotlight again on Christmas day. He was near the corner of Washington, on Clinton street, when he alleges that a determined attempt was made by a number of other negroes to assassinate him by means of bullets and stones. He did not state whether a conspiracy had been entered into against him or not, but Robert Miner, Charles Johnson and John Shelton were arrested for the assault.

Charles Phythian, a well known and popular young man who resides at Thorn Hill, was returning home Christmas night with a companion named Arnold. They fell out over something, when a fight ensued, during the progress of which Phythian sustained a severe wound in the arm.

KNIGHT TEMPLARS CHRISTMAS MEETING.

The members of Frankfort Commandery, Knights Templar, met at Masonic Hall Christmas morning for the purpose of offering a sentiment to the Most Eminent Grand Master of the United States, Sir Henry Warren Rugg. Quite a large attendance of Sir Knights was present to participate in the ceremony, and the occasion was made a notable one by the proposing of toasts to different commanderies of the State, and the responses thereto by members of the commanderies so honored, present.

The services were opened with prayer by Eminent Commander D. L. Holland, of the Frankfort Commandery. Right Eminent Sir George A. Lewis, Past Grand Commander, and present Grand High Priest, of the Grand Chapter of Kentucky, presided as Toastmaster.

Other toasts offered were:
To the Right Eminent Grand Commander of Kentucky, Sir Wm. R. Johnston, of Lebanon. A telegram was also sent him conveying the compliments of the season.

FORMER FRANKFORT LADY HURT IN RUNAWAY.

Mrs. Flora Belle Jones wife of Prof. W. B. Jones, of Arcadia, Fla., was seriously hurt in a runaway accident while out driving in a buggy with her baby girl early this week.

It seems the horse Mrs. Jones was driving took fright at an automobile and ran away throwing Mrs. Jones and the baby out. Mrs. Jones fell on a railroad track and suffered a wrenched back, slight fracture of the skull and painful bruises, while the little baby was not hurt at all.

Mrs. Jones is the daughter of Mr. Sam S. Shepard, chief clerk in the office of U. S. Marshad S. G. Sharp, of the Eastern District of Kentucky, at Covington, and was married to Prof. W. B. Jones, son of County Superintendent E. R. Jones, about two years since.

While regretting the accident the many friends of this popular young couple rejoice that her injuries are not more serious, and hope for her speedy recovery.

HOG OYSTER SUPPERS.

"Hog oysters," or Kentucky oysters as the succulent chitterlings of the festive porker are some times called, are all the rage at the present time among certain classes of the colored population of Frankfort, and not a night passes but that festivals, at which this dish is the piece de resistance, are held in the different sections of the city. Even the approach of Xmas, and the nearness of the anticipated baked chicken or turkey, failed to decrease in the least the popularity of a viand that has been dear to the heart of the average Kentucky darkey since "befo' de wah."

GREAT WATERWAY IMPROVEMENT.

The great jetties at the north pass of the Mississippi near New Orleans, which have been in course of construction for four years, and which cost the government \$6,000,000, were completed this week, giving the South one of the greatest deep-water harbors in the world, with a minimum depth of thirty-five feet. The irresistible force of the Mississippi river at this point was used to cut the channel by being confined between two parallel walls.

COLORED 400 TAKE TRIP ON INTERURBAN.

The colored 400, to the number of about 100, chartered an Interurban car, on Thursday night, and made up an excursion party to Lexington, to attend a skating rink contest. They left this city about 6 o'clock and returned at 3:30 on yesterday morning, having had a big time.

POWERS TRIAL NEARING END.

The trial of Caleb Powers, charged with conspiring to assassinate Wm. Goebel, is drawing rapidly to a close, and will probably be given to the jury early next week.

It has been an exceedingly tedious and long drawn out one, and many new facts have been adduced in his favor.

HOLIDAY BUSINESS GOOD.

Frankfort merchants in all lines of goods report a splendid business during the past week and all of them declare that their sales aggregated, during the same number of days, an amount equal to that of last year. Some of them state that the amount of goods disposed of was even greater than that of the previous year.

The Greatest Clothing Sale EVER KNOWN TO FRANKFORT

MEN'S \$25, \$30 AND \$35 SUITS AT \$15

MEN'S \$30, \$32, \$35 SILK LINED OVERCOATS AT \$20

As a result of the financial squall in New York eastern clothing manufacturers are loaded up with big stocks which they don't want. They do want money. As a consequence the dealer with cash in his hand and nerve to buy can practically name his own price. Hackett, Carhart & Co., makers of the finest clothes we know of, offered us a big lot of suits and overcoats at a price so low as to be absurd. We bought them. They are here ready for you. We've had some remarkable clothing sales in the past but we have never before been able to offer such suits as these at \$15, nor such overcoats at \$20---we doubt if we ever can again. More, there is a greater variety to select from than any other store in Frankfort could show at the beginning of a season. Now, men, come quick if you want choice.

The Suits at \$15

Made of handsome worsteds and Scotches, in both staple and novelty patterns—every coat hand made, designed by one of the highest salaried men in his profession to-day. Not a suit in the lot worth less than \$25; about one-fourth of them worth \$30 and \$35. Every pattern a handsome one. All sizes, from 35 to 46 chest. It's economy to buy two suits at this price. It's wise to come early and get choice of the finest ones. 300 suits to select from to begin with. We never again expect to be able to offer as fine suits as these and as great variety at the price of \$15. Come quick.

The Overcoats at \$20

READ THIS CAREFULLY—IT'S EXTRAORDINARY.

ABOUT 30 BLACK AND OXFORD HEAVY OVERCOATS, WORTH \$30, \$35, \$40, 45; NOW \$20
ABOUT 20 BLACK AND GREY TOP COATS, WORTH \$35; NOW \$20
ABOUT 25 FANCY RAIN COATS, WORTH \$30, \$35; NOW \$20
ALL BUT ABOUT 10 LUXURIOUSLY LINED WITH SILK.

We can say nothing more. Such a chance will never come again. Not a coat in the lot that a first-class tailor could duplicate for less than \$50 to \$60, and then the coat would not be one whit better—if as good. Sizes 36 to 42 in overcoats; 35 to 46 in rain coats. You will have to come early to get one of these.

OVERCOATS AT \$12.
